

Welcome

We are pleased to continue our partnership with Sonoma Media Investments as the Presenting Sponsor of the inaugural Women in Conversation at Home. We enjoyed the first two parts of this newly created virtual program, and hope that you find this last segment to be just as inspiring.

We are excited to be back again with Amy Gutierrez, better known as Amy G., in-game reporter for the San Francisco Giants, emceeding this evening's program, Self-Care. She will be joined by three women who embrace the importance of nurturing yourself. These inspirational women embody self-care practices in both their personal and professional lives through the health benefits of tea, the botanicals of gin, breast cancer prevention, and embracing natural beauty.

Summit State Bank is proud to support the empowerment of local women to motivate each other and engage in important conversations.

A Better Sonoma County.
That's Our Business.
